(A) Basic Rate

The Basic Rate may be adjusted by Ohio Living Sarah Moore at any time upon 60-days prior written notice to the Resident, in accordance with applicable law. In addition, if the Resident's payment source changes at any time during the Resident's stay, the fees and charges to be paid by You may be adjusted upon provision of written notice.

The following services and supplies are included in the Basic Rate: routine nursing care; room; meals; activities; medically-related social services; housekeeping & linens; personal laundry; and routine personal hygiene items.

The Basic Rate does not include additional non-routine services and supplies that are provided in accordance with the orders of the Resident's attending physician and/or upon Your request or consent. These Additional Services will be billed separately to You or to a third party payer when applicable. The Additional Services may include, but are not limited to, the following:

- Non-routine nursing care

- Private room, except when therapeutically required (for example, isolation for infection control)

- Other similar supplies and services.

(B) Late Charges

Timely payment to Ohio Living Sarah Moore is very important. Please make arrangements to ensure that all payments are paid when they are due, so that you may avoid late charges and interest.

(C) Private Pay Payment

If you will be paying for your care on a private pay basis, you must pay the Basic Rate in full and in advance each month. In addition, you must pay for all charges upon receipt of an invoice, as well as any applicable co-payments incurred during the preceding month that are billed under Part B of the Medicare program.

You must pay the pre-billed Basic Rate as billed on the resident statements no later than the fifteenth day of each month. In addition, you must pay in full all charges for Additional Services incurred in the preceding month for which no advance payment was received by Ohio Living Sarah Moore, as well as any applicable co-payments for therapy and other services incurred during the preceding month that are billed under Part B of the Medicare program, upon receipt of an invoice from Ohio Living Sarah Moore. You must pay for Additional Services the fifteenth day of each month for the previous month as billed on the resident statements. If you are covered by a health insurance plan, health maintenance organization or other third party payer (other than Medicare or Medicaid), you must pay all costs not covered by such third party payer, including, without limitation, applicable co-insurance and deductible amounts, and other amounts not timely paid by the third party payer, except and to the extent prohibited by law.

(D) Health Insurance & Managed Care

At the time of admission to Ohio Living Sarah Moore all residents must provide information regarding their health insurance coverage, if applicable. You must notify the Business Office of any changes in health insurance coverage so that we can continue to provide services in an efficient manner. You are responsible for maintaining medical and health insurance and for completing claims with respect to medical expenses.

You are responsible to pay for all services and supplies that you receive. If you arrange to have certain of those services and supplies covered by a health insurance plan, health maintenance organization or other third party payer (other than Medicare or Medicaid), you must pay all costs not covered by such third party payer, including, without limitation, applicable co-insurance and deductible amounts, and other amounts not timely paid by the third party payer in accordance with your admission agreement, except and to the extent prohibited by law.

(E) Medicare

Medicare is a federal health insurance program for people 65 and over and certain disabled people under 65. It does not provide a comprehensive long term care component. Medicare covers only those skilled nursing facility services rendered to help a beneficiary recover from an acute illness or injury. Medicare is administered by the federal government's Centers for Medicare and Medicaid Services (CMS) and is divided into two parts: Hospital Insurance (Part A); and Medical Insurance (Part B).

1) Medicare Part A

Skilled nursing facility coverage falls under Part A of Medicare and is very limited. If certain conditions are met, Medicare only pays fully for the first twenty (20) days of care in a skilled nursing facility (SNF). For the 21st through the 100th day, the Resident must share, or co-pay, for the cost of care by paying a daily coinsurance rate, which changes yearly.

The following conditions must be met in order for Medicare to pay for SNF care:

- a) You must be admitted to the hospital for at least three (3) consecutive midnights. When determining if this qualification has been met, the day of admission will be counted as a hospitalized day; however, the day of discharge will not be counted. Days spent in "observation" at the hospital do not count toward the three consecutive midnight requirement.
- b) Your admission to the SNF must have occurred within thirty (30) days after your discharge from the hospital.
- c) A physician must have certified that you need SNF services for the same or related

illness for which the Resident was hospitalized.

d) You must require continuous skilled nursing care or skilled rehabilitation services (as defined by the federal government) on a daily basis. That is, the services you require must be so inherently complex that they can only be performed utilizing the skills of professional or technical personnel, or furnished under their direct supervision.

If any of the foregoing conditions are missing, then Medicare Part A will NOT pay for your stay at our Health Care Center.

If you meet the requirements of coverage for Medicare Part A benefits, you may elect to request Medicare payment, or you may refuse to request Medicare payment and pay for your services via some other source.

If you do not meet the requirements of coverage for Medicare Part A benefits either at the time of admission or readmission or at any point thereafter, you will be issued a Medicare Benefit Denial Letter. This letter will explain why Ohio Living Sarah Moore believes that your services will not be covered, and that it will not submit a bill to Medicare, unless specifically requested to do so.

2) Medicare Part B

Medicare Part B may help pay for covered services that you receive from your doctor in our Health Care Center, if you choose to participate in the Part B medical insurance program.

If you have exhausted your Part A coverage for a spell of illness, Part B may also cover a portion of services received in our Health Care Center, such as physical and occupational therapy. Please note, however, that Medicare imposes financial limitations (“caps”) on how much physical, occupational, and speech therapy a beneficiary can receive in a calendar year. There are certain exceptions to the caps, but to the extent that the exceptions do not apply, you will be responsible for paying for all therapy you receive if you exceed the cap.

Under the Part B program, you must pay an annual premium and a deductible for all Part B services, including physician services, after which Medicare pays 80 percent of the charges for covered services.

- i. Resident’s Share of Costs. A Resident who is a Medicare beneficiary is responsible for payment of all services and supplies provided to the Resident by Ohio Living Sarah Moore. Ohio Living Sarah Moore will bill Medicare on the Resident’s behalf for all Medicare-covered services and supplies provided to the Resident, if allowed. The services and supplies covered by the Medicare program are listed on the Rate Schedule. You shall pay Ohio Living Sarah Moore all required Medicare co-insurance and deductible amounts (including, without limitation, twenty percent (20%) of all amounts billed for therapy services and all other services covered under Part B of the Medicare program) together with fees for all non-covered items and services provided by Ohio Living Sarah Moore.
- ii. Responsibility for Payment if Medicare Coverage Denied or Terminated. You understand that Medicare coverage and eligibility is established by Federal guidelines that may change from time-to-time. You agree to apply promptly for any applicable Medicare benefits. Ohio Living Sarah Moore will assist You in applying for Medicare coverage for the Resident; however, You acknowledge that the Federal government and not Ohio Living Sarah Moore make the determination of Medicare coverage. Ohio Living Sarah Moore makes no guarantee, representation, or warranty that the Resident will be covered by Medicare, or if initially covered will continue to be covered. You are required to pay Ohio Living Sarah Moore at

the private-pay rate for all charges incurred by the Resident in the event that a Resident's application for Medicare coverage is denied or if the Resident's eligibility for Medicare coverage expires.

(F) Medicaid

Medicaid is a joint federal-state program designed to provide health care assistance to low income people. Eligibility for Medicaid is made by the government based on certain criteria, such as a very low number of resources. If approved for Medicaid, the government will pay for certain covered items.

1) Medicaid coverage

a) Medicaid does not pay for all services & supplies that you may want

A common misconception is that Medicaid pays completely for all services and supplies that a resident receives in a nursing facility. This belief is not true. Medicaid only pays for the following services and supplies:

Routine nursing care	Room	Meals
Activities	Personal laundry	Medically-related social services
Housekeeping & linens	Medical supplies	Routine personal hygiene items
Central supplies	Physical therapy	Occupational therapy
Speech therapy	Nutritional therapy	Oxygen and oxygen supplies
Certain medications	Laboratory services	Radiology services
Physician services		

Thus, if you wish to purchase items or services such as personal care/comfort items (including, without limitation, private telephone expenses, beauty/barber services, television, radio and newspapers, novelties and confections) you will need to purchase these with your own money. Medicaid provides a minimal monthly allowance in order to purchase these types of items.

b) Medicaid does not pay for the full cost of services & supplies that you receive

Another common misconception is that Medicaid pays 100% of the charges for services and supplies that you receive. This is not true. When determining your eligibility, the government will look at all of your income, assets and resources and come up with an amount that it believes you should be able to contribute to your care on a monthly basis. This "personal liability amount" is then deducted from the payments that Medicaid makes to our Facility for your care.

For example, if your total monthly income consists of a pension of \$300 a month and a social security payment of \$500 a month, then the government may decide that your personal liability amount is \$800. Thus, if the charges for a particular month for your care and services were \$6000, then Medicaid would only pay our Facility \$5200. That is, the \$6000 charge minus your personal liability amount of \$800.

You are responsible for paying our Facility the personal liability amount each month. Since under the Medicaid program all of your income must be used to pay for the services and supplies that you receive at our Facility, we have found that it is administratively easier for you and for us for you to assign that income directly to our Facility. That is, since you would have to sign over all checks that you receive to our

Facility each month anyway, it is easier and more efficient to have those checks come directly to us in the first place. If you do this, then all of your basic care will be paid for and you will not have to worry about making monthly payments for Basic Services.

2) Applying for Medicaid

a) Notification for Advance Planning. You must notify Ohio Living Sarah Moore when your resources reach \$15,000. In addition, if you do not have monthly income sufficient to pay for the cost of care and services, then you must apply for Medicaid or promptly make other arrangements to pay for your continued stay at our Facility when your resources reach \$5,000.

b) Improper transfers. When applying for Medicaid, the government may examine all transfers of property and resources that you have made (or that were made on your behalf) and all trusts created for the previous five (5) years, to determine if any improper transfers were made.

The government presumes that any transfer of property or resources in the look-back period is improper if the transfer made you Medicaid-eligible, divested you of proceeds that would be available if the property were sold, or if you transferred income producing property or resources. If an improper transfer of your resources was made, then you will not be eligible to receive Medicaid assistance for a designated period of time. Examples of improper transfers could include: the transfer of your house, car and other personal property, the transfer of your bank accounts, stocks or bonds, the transfer of real estate, and the creation of certain trusts.

In the event that your eligibility for Medicaid benefits is denied, interrupted or terminated for any reason, including due to the government's determination that improper transfers of resources were made, then you must make alternative arrangements to ensure that Ohio Living Sarah Moore is paid. If you fail to pay your charges in full in this circumstance, your Admission Agreement may be terminated and you may be discharged from Ohio Living Sarah Moore.

c) Continued Payment to Facility During Application Process. A common misconception is that once application for Medicaid is made, you do not have to continue to pay for the care that we provide. This is not true. The filing of an application for Medicaid does not excuse you from continuing to make payment to us in accordance with the terms of your Admission Agreement. This is why it is important to begin the application process early.

3) Social Security Payments & Medicaid. If you are (or will become) a recipient of Medicaid benefits, then all of your income must be turned over to Ohio Living Sarah Moore to pay for your care. You may be currently receiving Social Security benefits and/or are a recipient of Supplement Security Income (SSI) for which you (or a representative payee on your behalf) receives payments from the Social Security Administration (SSA). If you are receiving such benefits, then since the total amount of Social Security and/or SSI payments must be paid over to Ohio Living Sarah Moore for your care, we ask that you direct these payments to be made directly to Ohio Living Sarah Moore.

Please contact Social Services for an appointment to obtain more specific information regarding Medicaid and its application process.

(G) Representative

During the term of your residency, you may need assistance in arranging for payment for the services provided. Upon admission to our Health Care Center, you identified a person who has legal authority to act on your behalf to satisfy your financial obligations under your admission agreement if you choose not to, or are unable to, meet those obligations. The Representative is not responsible for paying for your care from his/her own resources, but rather is only responsible to pay for your care from your income, resources and assets. You will be primarily responsible for making payments to our Health Care Center until such time as you assign the responsibility for making payment to your Representative or until you can no longer make payments on your own behalf; at such time, the Representative shall become primarily responsible for making such payments.

(H) Resident Trust Fund Account

A Resident Trust Fund Account for residents can be arranged through the Business Office. A Resident Trust Fund Account is an account or petty cash fund that holds the money of a resident and that Ohio Living Sarah Moore manages for the resident. A Resident Trust Fund Account is intended for use by the resident for the purchase of items or services of their choice. The Resident Trust Fund Account should have a sufficient balance to cover expenses and at no time can the account have a negative balance. A quarterly statement documenting account activity is sent to the resident or designated responsible party. Please contact the Business Office for more information on opening a Resident Trust Fund Account.

SERVICES

(A) Nursing Services & Private Duty Personnel

Nurses and State-Tested Nursing Assistants (STNAs) provide care and services at Ohio Living Sarah Moore seven (7) days a week, twenty-four (24) hours a day. These staff are assigned to provide reasonable nursing and personal care as is customary in a nursing home. Thus, while staff are always present in the Health Care Center, they are not always providing care to you.

The services that you have purchased pursuant to your Admission Agreement are not one-to-one, seven days per week, twenty-four hours per day services. If you wish to separately engage private duty personnel (i.e., nurses, nurse aides, companions), then you may do so. However, prior to any of these people providing any services in our Health Care Center, you must sign the Health Care Center's policy and agreement with regard to the use of outside personnel. In addition, any private duty personnel must agree to and abide by Ohio Living Sarah Moore's policies and procedures.

Residents desiring an employee to do private work for them must see Human Resources for advice. The resident may work through Ohio Living Home Health & Hospice to request any and all services an employee can work via Ohio Living payroll agreed upon applicable rates based on taxes, insurance, overtime, etc., or the resident can work through hiring their own employee in accordance with the Consumer Directed Care policy in the resident handbook.

You are financially responsible for any charges for private duty personnel.

(B) Physician Services

Ohio Living Sarah Moore does not employ medical doctors for the purpose of providing attending physician services for our residents. Thus, you may choose an attending physician of your choice so long as such physician is licensed in the State of Ohio and meets all of our credentialing requirements. If you do not designate an attending physician, if such physician is not available, or if such physician is not appropriately licensed or credentialed, we will assign an attending physician to you – until such time as you make a different choice.

Physician visits must be scheduled and must occur at least once every thirty (30) days.

(C) Dental Services

For the convenience of our residents, Ohio Living Sarah Moore has identified a dentist(s) who is licensed to practice dentistry in the State of Ohio, and who is willing to make periodic visits to the Health Care Center to provide dental treatment based upon the needs of our residents. You may elect to make arrangements to use the services of either this dentist(s) or another dentist of your own choosing.

(D) Podiatry Services

For the convenience of our residents, we have identified a podiatrist(s) who is licensed to practice podiatry in the State of Ohio, and who is available to provide services to our residents if their attending physician determines that they have a need for podiatric services. If you need such services, you can elect to receive services from this podiatrist(s) or one of your own choosing. We also have identified an optometrist and audiologist who will provide services in our Health Care Center.

(E) Therapy Services

Ohio Living Sarah Moore offers and provides medically appropriate therapy services for the purpose of maintaining and/or improving residents' functional status. The therapy services are provided by a contracted therapy company and include physical therapy, occupational therapy and speech language pathology.

(F) Services of Other Providers

You may only receive services from outside providers in Ohio Living Sarah Moore if the outside provider is properly licensed and certified under the law, complies with all applicable government rules and Ohio Living Sarah Moore policies, and enters into an agreement to provide services with Ohio Living Sarah Moore, if applicable. Note that Ohio Living Sarah Moore limits the number of contracts that it enters into with certain types of providers, and, with certain exceptions, your choice of outside providers will likely be limited.

(G) Diagnostic Services

Diagnostic services include such things as taking x-rays, conducting modified barium swallows, and laboratory tests. Some diagnostic services may be able to be conducted at the Health Care Center. However, a number of services may require transportation to a hospital or outpatient facility. If diagnostic services are required outside of the Health Care Center, we encourage you to have a family member accompany you on the visit.

(H) Tuberculosis Testing

All new residents who have not had previously known significant tuberculin tests and do not have a history of past active disease will have a 2 step tuberculin test performed upon admission. Those persons with a significant reaction to the tuberculin skin test will have an admission chest x ray. If a resident is exposed to a known case of tuberculosis, he/she shall have a single tuberculin skin test repeated and, if there is evidence of conversion, shall have a chest x ray performed within thirty (30) days. If the chest x ray does not reveal active tuberculosis, the physician will document that the patient is receiving appropriate preventative treatment or that treatment is contraindicated.

(I) Social Services

Each resident at Ohio Living Sarah Moore is assigned to Social Services upon admission. Social Services can assist you with many aspects of life at Ohio Living Sarah Moore. Thus, if you have any questions or concerns, or think you may require assistance with respect to your physical and/or mental health or overall social functioning, please feel free to contact Social Services.

Throughout each week there are a variety of activities planned for everyone to enjoy. Some scheduled activities include: bingo, movies, spiritual & religious activities, pet visits, parties, socials, crafts & gardening group, activity outings and musical entertainment. Upon admission, residents are evaluated by the Activity Staff to determine their needs, interests and skills. If you have any special programs

that you would like to participate in and see included in the activity schedule, please contact the Activity Department. We invite and encourage all family members and friends to attend scheduled activities with their loved ones.

(K) Culinary & Nutritional Services

Ohio Living Sarah Moore utilizes the services of a licensed dietitian, an experienced chef, and Culinary and Nutrition Services staff who provide residents with nutritious and appetizing meals. The dietitian or designee will contact you soon after admission to determine your dietary needs and food preferences. This information will then be updated as appropriate throughout your residency. You will find that the menu is continually rotated and provides a degree of choice and seasonal selection. If you are not satisfied with the meals, you are encouraged to contact either the Executive Chef or the Dietitian.

Your family and other visitors are welcome to join you for meals at Ohio Living Sarah Moore. If visitors wish to have a meal at the Health Care Center, arrangements and payment may be made with the Receptionist.

(L) Pharmacy Services/Medications

We have contracted with a pharmacy to provide medications to all of our residents. Ohio Living Sarah Moore requires that all medications be packaged in individual doses. All medications as well as any item used for medical treatment must have a Physician's order. This includes both prescription and non-prescription items. Medications may not be kept in the resident's room or administered by the resident without the approval of the your physician and your interdisciplinary care team.

(M) Barber & Beautician Services

A contracted licensed beautician who sets her own rates and provides a variety of services, such as permanents, styling and basic hair trimmings are available by appointment at Ohio Living Sarah Moore. Barber/Beautician services are available on an individual basis or on a continuing appointment basis. Charges can either be paid directly to the barber or beautician, or they may be drafted from the resident's Resident Trust Fund Account with the resident's permission. Beautician hours are Monday and Wednesday from 9:15 a.m. to 4 p.m.

(N) Housekeeping Services

Resident rooms, bathrooms and halls are cleaned on a daily basis by our housekeeping staff. Additionally, a more thorough cleaning is conducted weekly. Residents are urged to contact the nurse on the floor should they have any concerns about the cleanliness of the Health Care Center.

(O) Laundry Services

Ohio Living Sarah Moore provides basic laundry services for all of its residents. Refer to Section (L) under Rights and Responsibilities. If family is going to provide laundry, the Nursing Unit Managers needs to be notified.

When choosing clothing to bring to the Health Care Center, please remember our laundry cannot accommodate woolens, privately owned bedspreads, clothes that require dry cleaning or afghans. These items may be brought to the Health Care Center; however, the resident, family or responsible party must arrange for an alternative laundry method. All items to be washed by the Laundry Department must be wash and wear.

(P) Room Furnishings

Each resident room contains a bed, as well as dresser, night stand, over-the-bed table, recliner/lift chair and armoire. In order to personalize your room, you are encouraged to bring pictures, mementos, and your favorite furnishings as long as the size of the items will not crowd, obstruct or present a hazard. Room furnishings should be discussed with Social Services prior to bringing them to your room in order to verify that the furnishings meet with Ohio Living Sarah Moore's standards. Some of those standards include the following: All furnishings provided for the room must be tasteful. All items must also be in good condition, and any needed repairs must be made at your expense. Please consult with Maintenance before altering the walls with nails.

Ohio Living Sarah Moore does not accept responsibility or liability for any damage or destruction or theft of any personal items brought into the Health Care Center. You assume full and complete liability and responsibility for all personal possessions.

The placement of personal furnishings in your room is a privilege, and we may require that any personal furnishings be removed from the Health Care Center if they interfere with the safe operation of the Health Care Center, or if they in any way endanger your health and welfare or that of our other residents or staff.

RIGHTS & RESPONSIBILITIES

(A) Code of Conduct

All residents, family members and visitors should act and behave in a manner that is both respectful of and courteous towards the other residents living in the home as well as towards the staff members who provide care and services to such residents on a daily basis. Specifically, you, your family members and your visitors are required to abide by the following:

This includes following instructions of nurses and other health care professionals as they enforce the applicable Ohio Living Sarah Moore's policies. Ohio Living Sarah Moore reserves the right to restrict the activity of visitors and guests of residents for the sake of safety and operations. Ohio Living Sarah Moore may choose to restrict entry to the property and to restrict the locations on campus where they can go.

(B) Concerns & Grievances

1. Sharing concerns with us. If you or another interested party has a concern regarding the Health Care Center's delivery of services, the behavior of other residents or staff members, or any other concern, we encourage you to share your thoughts with us. You are encouraged to discuss your issue with the Director of the involved department. It is our policy that concerns raised with us will be reviewed, and that we will report back to the person registering the concern within a reasonable time period.
2. Filing of written grievance form. If after raising a concern with Ohio Living Sarah Moore it is not resolved to your satisfaction, a formal grievance may be submitted in writing to your Case Manager and signed by the resident or the person filing the grievance on behalf of the resident. It is our policy to assist residents/representatives in filing a grievance. If you desire assistance in reducing a complaint to a written grievance, please see your Case Manager. If you feel that our staff has not assisted in this matter, or feel that you are being discriminated against for taking such steps, we encourage you to report such incidents to the Executive Director/Administrator at once. Any resident, his or her representatives, family members, or advocates may file a grievance without fear of threat or reprisal in any form.
3. Referral of grievance to committee. Upon receipt of a written grievance, we will refer the problem to a grievance committee. The committee is comprised of residents, resident representatives, staff or outside representatives in a ratio of not more than one (1) staff member to every two (2) residents or representatives.
4. Follow up by the grievance committee. When the grievance committee determines a violation of your resident rights has occurred, it will notify the Executive Director/Administrator.

Within ten (10) working days of the date the grievance is filed, the person filing the report will be informed orally of the results of the investigation. If that person disagrees with the findings, recommendations, or actions taken, then he/she may meet with the Executive Director/Administrator.

Reports to independent entities. You or an interested party may also file a complaint at any time with entities outside of Ohio Living Sarah Moore, such as the Ohio Department of Health, the state quality and improvement organization, the state long-term care ombudsman program, or the state protection and advocacy system. For example, you could file a complaint with the Ohio Department of Health concerning any suspected violation of state or federal nursing facility regulations, including but not limited to resident abuse, neglect, exploitation, misappropriation of resident property in the facility, non-compliance with advance directives requirements and requests for information regarding returning to the community. The contact information for these independent entities can be found in the section of this handbook titled Government & Advocate Contact Information. Also, you may make a complaint by calling the Ohio Living Corporate Hotline at (877) 780-9366.

Regardless of whether you make such a complaint to an independent entity, we ask that you immediately notify us as soon as you suspect that any abuse, neglect or misappropriation of resident property has occurred so that we may immediately respond. You do not have to cite a specific violation of the code or any rules when making a complaint either to the State or to Ohio Living Sarah Moore.

(C) Bed Holds & Leaves of Absence

- Bed holds. If you are absent from our Health Care Center on an overnight stay, e.g., at the hospital or a visit with family, that absence is considered a voluntary discharge from our Health Care Center – unless you elect to have a bed held in your absence. Electing a “bed hold” means that you have chosen to pay Ohio Living Sarah Moore even though you are not currently in the Health Care Center for a particular day. You were asked for your preference at admission regarding whether you would like for us to hold your bed for you when you are absent from our Health Care Center. If you chose for us to hold a bed for you and wish to change your mind, then you need to notify Social Services in writing of this change. Otherwise, a bed will be held and you will be charged for that day, subject to the exception noted below in subsection 3.

Payment for bed hold

- Medicaid recipients. If you are a Medicaid recipient, Medicaid will pay us to hold your bed for up to thirty (30) days in a calendar year (January - December). If you are absent from the Health Care Center more than thirty (30) days during a calendar year, we can no longer hold the bed and you may be discharged from our Health Care Center, unless arrangements are made to pay us on a private pay basis for additional leave days until another thirty (30) paid leave days become available under Medicaid law. Where your paid leave days for a calendar year have been exhausted, however, you will be entitled to readmission to our Health Care Center if desired upon the first availability of a bed in a semi-private room or ward if you: (a) still require the services provided by our Health Care Center; and (b) are still eligible for Medicaid nursing facility services
- All other residents. If you are not a Medicaid recipient, then you will be charged at the routine per diem charge for holding a bed while they are absent from the Health Care Center. That means that you will be charged as if you had been in the Health Care Center on the day you were absent.
- Scheduled leaves of absence. In the event of a scheduled leave of absence whereby you intend to leave Ohio Living Sarah Moore to go to the hospital, to visit with friends or family, or for any other reason, the Nursing Unit Manager needs to be notified at least one day prior to any such leave of absence. If you are planning to be out of Ohio Living Sarah Moore more than one day, the Nursing Unit Manager must be notified three (3) days prior to the leave. This time period will allow Ohio Living Sarah Moore to determine whether the leave is medically advisable, and will permit nursing staff to prepare any medications or supplies that you may require while outside of the Health Care Center.
- Temporary leaves of absence. If you do not require supervision, you are free to come and go from the Health Care Center as you choose. We require, though, that you abide by all Health Care Center rules regarding notification, including signing out. If you leave the Health Care Center and forget to sign out, you should call Ohio Living Sarah Moore to let us know where you are. In the event that you leave the Health Care Center for a temporary absence, but fail to return by

midnight without notifying us of your change in plans, then Ohio Living Sarah Moore will not treat your absence as a bed hold.

(D) Alcohol

Ohio Living Sarah Moore permits some of its residents to have access to alcoholic beverages. However, the use, amount, and kinds of alcoholic beverages must be approved by the resident's attending physician as evidenced by a written order. If approved, alcoholic beverages must be kept at the Nurse's Station, with access to the beverages restricted to such residents and in such amounts as set forth in the physician's orders. Ohio Living Sarah Moore may set timeframes for when residents may access alcohol in the Health Care Center. In addition, Ohio Living Sarah Moore reserves the right to deny any resident access to alcoholic beverages at any time if it determines that the resident's access to or consumption of such beverages is not in the best interests of the resident and/or the Health Care Center.

(E) Smoking

We wish to provide a safe and healthy environment for all of our residents, and as such residents and visitors may only smoke in their vehicles; smoking is prohibited inside Ohio Living Sarah Moore. Ohio Living Sarah Moore has no smoking areas in house. Residents are not to keep lighters, matches and other tobacco products in their room. These items must remain at the Nurse's Station.

(F) Weapons

No person may bring any weapons (e.g., knives, firearms, batons, etc.) onto the property of Ohio Living Sarah Moore. This policy applies to all persons, including, but not limited to, employees, volunteers, residents, visitors, and delivery personnel. The policy also applies to the entire property of Ohio Living Sarah Moore including the Health Care Center itself, the surrounding land, all of Ohio Living Sarah Moore's motor vehicles, and the parking lot (i.e., weapons may not be kept in vehicles parked in our parking lot).

Note: People with licenses to carry a concealed firearm are NOT permitted to bring such a firearm on to Ohio Living Sarah Moore's property. Any person who brings such a firearm on to the property is guilty of criminal trespass.

(G) Voting

At election time, Ohio Living Sarah Moore ensures that residents are provided the opportunity to vote should they so choose. Prior to Election Day Representatives of the Delaware County Board of Elections will come to the Health Care Center to receive ballots and provide assistance to residents, as is necessary. For further information, please contact the Activity Department.

(H) Parking

Visitor parking may be found behind the building. There is metered parking on the street near the main entrance. Vehicles parked in Handicap Spaces without an Ohio issued handicap permit or license plate will be subject to ticketing by the police department. Parking vehicles in the breezeway is not permitted as this area must be accessible for ambulances and other emergency vehicles. The breezeway may be used for picking up or dropping off residents only.

(I) Pet Visits

Ohio Living Sarah Moore recognizes that pets hold an important place in many of our residents' lives. As a result, Ohio Living Sarah Moore encourages families to include the family pet when visiting a resident.

However, based upon the nature and behavior of the animal, Ohio Living Sarah Moore reserves the right to exclude a pet from the Community and/or restrict its access to other residents. Moreover, Ohio Living Sarah Moore wishes to have your cooperation and assistance when bringing a pet into the Health Care Center. For instance, if applicable, when pets are in public areas, they are required to be on leashes and you must provide Ohio Living Sarah Moore with proof of shots. Also, extreme care should be taken for an animal that becomes frightened of new surroundings or people. Additionally, a "scooper" or similar equipment should be brought to clean up after the pet.

(J) Video & Sound Recording

In order to protect the privacy of all of the Health Care Center's residents and its staff, no video or sound recordings may be made in the Health Care Center. This policy applies to tape recorders, camera phones, video cameras that deliver a live feed to another location, and any other form of video or sound recording device. Likewise, pictures of residents or employees should not be posted on websites or social media.

(K) Holiday & Seasonal Decorations

You are encouraged to decorate your rooms during the holidays. However, when decorating a room we ask for your cooperation in maintaining our building and promoting the safety of all of our residents. Thus, all decorations that are brought into the Health Care Center must be fire resistant and approved by the Maintenance Director. For Holiday and Seasonal decorations to be placed on a door, we ask that they be hung on an over-the-door hanger, which may be found at most craft stores. Door decorations may not be affixed with nails, hooks or other substances that may permanently alter or deface the door. Similarly, nails, tape or gummed hangers should not be used on a room's walls or cabinets. Instead, decorations may be applied to these surfaces with a "stick-um" product that does not mark surfaces. If a picture or bulletin board is to be hung in a room, please notify the Nurse who will arrange for a staff member to hang the object. As a safety and health precaution, we prohibit trees, branches or wreaths (straw or grapevine) from being brought into the building. Candles may be brought in the room, but they cannot be lit. Additionally, when ordering a floral arrangement, advise the florist not to use pine as a filler. Please keep these guidelines in mind when decorating a room to ensure the health and safety of our residents and the protection of the building.

(L) Clothing

To reduce the risk of a resident losing clothing, we highly recommend that all personal clothing be marked (i.e., on the tag or some other non-visible location) at the time of admission with the resident's name. When marking clothing, we encourage the use laundry pens that are resistant to continued washing.

However, Ohio Living Sarah Moore accepts no liability over the loss or repairs of privately owned or rented devices.

(N) Fire Safety Plan

Ohio Living Sarah Moore maintains an updated fire and disaster plan. Copies of the fire safety plan may be found throughout the Health Care Center. If you have any questions regarding Ohio Living Sarah Moore's fire safety plan or evacuation procedures, please contact building maintenance.

(O) Infection Control

As older adults are particularly susceptible to certain clinical conditions, Ohio Living Sarah Moore may take action, such as isolation, with respect to residents with influenza and other communicable conditions as a means to prevent the spread of infection and to avoid possible exposure to other residents.

(P) Electrical Appliances

All electrical items that are brought into the Health Care Center must be inspected by a member of the maintenance department and must have an Underwriters Laboratory (UL) approved label. All electrical items must have a three-wire properly grounded electrical plug system. Additionally, no extension cords, heating pads, adaptive wiring, grounding adapters or multiple outlets are permitted at any time. No electrical appliance may be brought into Ohio Living Sarah Moore that displays any sign of alterations of any type. All electrical appliances will remain subject to safety inspection by the maintenance department. Items that do not meet safety standards will be removed from a room as a safety precaution.

(Q) Food & Beverages

Visitors or friends delivering food and/or beverages to residents must consult the Nurse to determine the appropriateness of such food or drink in light of any dietary restrictions that your physician may have put into place. Food must be placed in a sealed plastic container. Beverages must be placed in containers that have a replaceable cap/lid.

(R) Money & Other Valuable Items

Ohio Living Sarah Moore does not accept responsibility for the loss or theft of money or valuables. Thus, jewelry and other valuables should not be kept in your room. We also recommend that no more than \$40 in cash be kept by you. You may, however, create an account with us and withdraw personal funds at your discretion from the account by contacting the Receptionist. If you believe that any of your money or valuables are missing, please report the loss immediately to the Executive Director/Administrator so that an investigation may be conducted.

(T) Participation in Decisions Regarding Care

We will look to you to provide direction and input in the care that you receive, except for in the following circumstances:

1. You are declared legally incompetent by a court of law; or
2. You executed a durable power of attorney for health care designating another individual to handle your medical care *and* your attending physician determines that you do not have the capacity to make informed health care decisions for yourself.

In order to protect and promote the interest of our residents, Ohio Living Sarah Moore reserves all rights to deny a resident's or a representative's request to use a specific medical intervention or treatment that the Health Care Center deems inappropriate.

We understand and realize the importance of family members being involved in the decision making process and care of a loved one. However, when more than one person acts as a surrogate decision maker, oftentimes this serves only to interrupt the continuity of care, complicates the decision making process, and creates conflicts between family members and the Health Care Center. If more than one

individual is actively involved, consensus is preferred and we expect the Power of Attorney for Health Care or designated responsible person to act as the representative and decision maker for the family.

(U) Care Planning

Your care in our Health Care Center is overseen by an interdisciplinary care team that consists of representatives from the following disciplines: Nursing, Activities, Culinary and Nutrition Services, Rehabilitation Services, and Case Management. This team with input from you, your loved ones and your physician formulates a comprehensive care plan for you. The interdisciplinary care team meets at least quarterly to review your written plan of care, goals and approaches for care. We will provide you and your family with a notice of the care plan meeting, and we encourage you and your family to attend. In cases of refusal of care that put you at risk, you will be asked to enter into a Risk Agreement with Ohio Living Sarah Moore.

(V) Refusal of Services

Ohio Living Sarah Moore will make a good faith effort to provide services to you that are routinely provided in a skilled nursing facility, including those prescribed by your attending physician. However, we are not responsible for outcomes that are due to you refusing or refusing to comply with such services. Should you refuse food, fluids, treatments, therapies, medications, grooming, therapeutic bathing, etc., and/or refuse to comply with physician's orders (e.g., if you are a diabetic with orders not to consume sugar, but then eat candy), we will in no way be responsible for the outcomes associated with such choices. In cases of refusal of care that put you at risk, you may be asked to enter into a Risk Agreement with Ohio Living Sarah Moore.

(W) Transfer & Discharge

- 1) Reasons for involuntary discharge. Reasons that we may need to discharge you include the following:
 - a) The transfer or discharge is necessary for the resident's welfare and the resident's needs cannot be met in the facility;
 - b) The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;
 - c) The safety of individuals in the facility is endangered;
 - d) The health of individuals in the facility would otherwise be endangered;
 - e) The resident has failed, after reasonable and appropriate notice, to pay for (or to have paid under Medicare or Medicaid) a stay at the facility;
 - f) The facility ceases to operate;

 - a) Time frame for advance notice. The notice shall be provided at least thirty (30) days in advance of the proposed transfer or discharge, unless the safety of individuals in the facility would be endangered; the health of individuals in the facility would be endangered, the resident's health improves sufficiently to allow a more immediate transfer or discharge; an immediate transfer

or discharge is required by the resident's urgent medical needs; or the resident has not resided in the facility for 30 days.

- b) Contents of notice. The notice will include all of the following: the reasons for the transfer or discharge, the effective date of the proposed transfer or discharge, the location to which the resident is to be transferred or discharged, a statement of the resident's appeal rights, including the name address (mailing and email), and telephone number of the entity which receives such requests and information on how to obtain an appeal form and assistance in completing the form and submitting the appeal hearing request. The notice shall also include the name, mailing address and telephone number of the State Long-Term Care Ombudsman. If the resident is, or the facility alleges a resident is, mentally ill or developmentally disabled, the notice shall include the name, mailing address, email address and telephone number of the Ohio protection and advocacy system. If the information in the notice changes prior to effecting the transfer or discharge, Ohio Living Sarah Moore will update the notice as soon as practicable.

- 3) Challenge of Decision to Transfer or Discharge and Hearing. If you receive notice that you are being transferred or discharged, you may challenge this decision, unless the transfer or discharge is required because Ohio Living Sarah Moore's license has been revoked, Ohio Living Sarah Moore is being closed, you are a recipient of Medicaid and Ohio Living Sarah Moore's participation in the Medicaid program has been terminated or denied, or if you are a recipient of Medicare and Ohio Living Sarah Moore's certification under the Medicare program has been terminated or denied.

If a hearing is desired, the hearing must be requested no later than thirty days after you receive the discharge notice, by submitting a written request to: Legal Services Office of the Department of Health, 246 North High Street, Columbus, Ohio 43215. (614) 466-4882. odhlegal@odh.ohio.gov. The Ohio Department of Health does not have a discharge appeal request form, but may assist you in providing written notice of your appeal. Additionally, a copy of the hearing request should be sent to the administrator of the facility. A hearing will be held at Ohio Living Sarah Moore within ten days of receipt of the request by the Department of Health.

If you appeal a transfer or discharge, then Ohio Living Sarah Moore will not discharge you unless Ohio Living Sarah Moore prevails at the hearing.

- 4) Plan & Counseling Services. Ohio Living Sarah Moore shall develop a plan to effectuate the orderly and safe transfer or discharge of a resident. The resident and the resident's family or representative will be consulted in choosing another facility. The resident will receive counseling services before the move to minimize the adverse effects of transfer trauma.
- 5) Personal belongings. All personal belongings left in Ohio Living Sarah Moore after your discharge or death must be picked up no later than forty-eight (48) hours after the event. Personal belongings that are not picked up within this time frame will either be donated or disposed of, unless your family or representative contacts us to make other arrangements.
- 6) Discontinuance of Operations. In the event Ohio Living Sarah Moore proposes to discontinue operations, you and your representative will be notified of the proposed date of discontinuance and the notice will be sufficient so that you can make suitable arrangements for your transfer.

Once a decision to change your room has been made, we will promptly notify you, and if known, your Representative or interested family member of the room change. Reasonable notice of the room or roommate change, including an oral or written explanation of the reason for the change, will be given to you prior to the room or roommate change.

(Y) Advance Directives

1. Upon your request Ohio Living Sarah Moore will provide to you a copy of the Advance Directives Packet entitled, “Choices: Living Well at the End of Life”. You can also access this informational packet via the internet at www.caringinfo.org/files/public/ad/Ohio.pdf. Please review this packet closely. It contains information relating to Living Wills, Health Care Powers of Attorney, Do Not Resuscitate Orders, Organ Donation, and the Hospice Choice. It also contains forms you may use to let Ohio Living Sarah Moore know your health care choices, if you have not already completed an advance directive.
2. It is Ohio Living Sarah Moore’s policy to comply with all legally valid advance medical directives, including provisions for the withholding or withdrawal of nutrition and hydration, subject to (1) the Health Care Center’s advance directives policy, and (2) Health Care Center’s reserved right to object to the proposed action based upon conscience or other moral, ethical or philosophical basis.
3. Ohio law permits Ohio Living Sarah Moore, your attending physician, and any of their respective employees or agents, to object to any health care decisions made by you or your attorney-in-fact, and to refuse to comply with those health care decisions. If any person, or Ohio Living Sarah Moore, is unwilling or unable to comply or allow compliance with your or your attorney-in-fact’s wishes, then it will assist you in finding an alternative person in the Health Care Center to comply with your wishes, or if necessary, alternative placement in a facility that can implement the health care decision.
4. If you do not have an advance directive upon admission to the Health Care Center, then Ohio Living Sarah Moore reserves the right to require that your capacity to execute an advance directive be certified by a physician before it agrees to accept and honor a new advance directive.
5. If you choose not to receive cardiopulmonary resuscitation (“CPR”) through a valid Living Will, or a physician determines that CPR would not be medically appropriate, then Ohio Living Sarah Moore will honor that do-not-resuscitate (“DNR”) request or order in accordance with Ohio law. That is, Ohio Living Sarah Moore will follow The State of Ohio Do-Not-Resuscitate Protocol, which has been approved by the Ohio Department of Health.
6. Ohio Living Sarah Moore acknowledges that documentation of advance directives by you is not a pre-condition for admission; nor will the Health Care Center otherwise discriminate against you based on whether you have executed advance directives.
7. It is Ohio Living Sarah Moore and your physician’s policy to clearly document orders for withholding or withdrawing treatment, including DNR orders, in your medical record. We require such orders to be signed by the attending physician and to indicate the person(s) who

participated in the decision making.

8. It is Ohio Living Sarah Moore's policy to provide in-service training to its staff concerning residents' rights including information about advance directives, DNR orders and a resident's right to participate in medical decision making. It is our policy to provide for both individual and group education for staff and the community on issues concerning advance directives.

10. Complaints concerning the advance directive requirements should be directed to the Executive Director/Administrator of Ohio Living Sarah Moore, and may also be filed with the state survey and certification agency.

Sections 1819(f), 1919(f), 1819(b)(3)(A), 1919(b)(3)(A), and 1864 of the Social Security Act. Skilled nursing facilities for Medicare and Medicaid are required to conduct comprehensive, accurate, standardized, and reproducible assessments of each resident's functional capacity and health status. As of June 22, 1998 all skilled nursing and nursing facilities are required to establish a database of resident assessment information and to electronically transmit this information to the State. The State is then required to transmit the data to the federal Central Office Minimum Data Set (MDS) repository of the Centers for Medicare and Medicaid Services (CMS).

These data are protected under the requirements of the Federal Privacy Act of 1974 and the MDS Long Term Care System of Records.

2. Principal purposes for which information is intended to be used

The information will be used to track changes in health and functional status over time for purposes of evaluating and improving the quality of care provided by nursing homes that participate in Medicare or Medicaid.
